Esther Lee Building,  
The Chinese University of Hong Kong,  
Shatin, N.T.

6 May 2019

Dear Professor CHAN,

**Guest of Speaker for Health Education Programme**

We are greatly pleased and much encouraged that you and Miss Jenny CHAN accepted our sincere invitation to provide Health Education Programme to our students in March and April 2019. As observed from the evaluation tools, our students have learned very much from the interactive and enjoyable activities.

It is definitely our privilege to have you to inspire our students; and more importantly, to motivate our students to develop healthy lifestyles, positive attitudes and values.

We are looking forwards to have further cooperation next year.

Yours sincerely,

Lai Chu Kuen  
Principal
